Hi [REDACTED],

First of all, I'm sorry to hear about the loss of your daughter.

As for today, it was a long one with about 150 people speaking. We amended 3.54 as most people assumed we would. However, after two months and 141 pages of input, it was unanimously conveyed to our Board — and personally very frustrating for me to learn —that there was no way for us to confirm if a person in our custody is documented or not.

I found that very disappointing. Obviously there was no support from anyone for calling ICE to pick up someone we didn't know was a US citizen or not, so nothing was changed in that respect.....M

The idea that we would protect these people before our own citizens is unconscionable. Having recently lost a daughter to natural causes, we can only imagine how Bambi Larsen's parents must feel, knowing that, but for this ridiculous policy, they would still have their daughter. Please think about the citizens of your district and change the policy.
